#### Patricia Rodrigues

Interior Design, Portugal 

Patricia has 6 years experience working as an architect in Portugal, specialising in interior work and building rehabilitations. She has also worked for the Portuguese ministry of health, being responsible for the spatial reorganisation and maintenance of several health centres in the municipality of Cascais on the Atlantic coast.

After attending art school, Patricia studied for her diploma in Architecture from the Escola Superior Artística in Porto, Portugal. She also holds a professional certificate in Window Dressing from the Instituto de Ensino Profissional Intensivo in Lisbon.
